Security

UCSF is committed to protecting the security of our data, networks, and systems used to advance the UCSF Mission. Every person within the UCSF ecosystem plays a critical role in safeguarding our systems from threats to availability, integrity, and confidentiality.

This site is home to IT Security standards, guidance, tools, and tips to help you perform your work securely. Please visit frequently.

Report a Security Incident [1]

Current IT Security Awareness Articles [2]

August is Copyright Awareness Month! Go to http://awareness.ucsf.edu [3] to learn more about Copyrights by watching a short video and taking a quick quiz! EVERYONE WHO PASSES WINS A PRIZE!
