

Take the IT Security Challenge!
Go to <http://awareness.ucsf.edu>
EVERYONE WINS A PRIZE!

This one cent sticky note...

Just cost UCSF over \$2,000,000.
There's a better way to remember passwords.

**An electronic data breach can cost a
healthcare organization over \$2,000,000.
Those resources could be better spent on
patient care, research and education.**

**Get password tips at security.ucsf.edu.
Together, we can advance health worldwide - securely.**

UCSF IT SECURITY AWARENESS
