Public

Date and Time

Wednesday, September 11, 2019 - 14:07

Reason

Security update

Impact

Adobe users

WHAT HAPPENED?

Adobe has released security updates to address **Critical, Important, and Medium**, vulnerabilities affecting various products.

Advanced Users:For a complete description of the security enhancements and affected software refer to:

- **Adobe Security Bulletins and Advisories** at:<https://helpx.adobe.com/security.html> [1]

AFFECTED Products:

See the products listed within the Adobe Security Bulletins and Advisories at the above link.

WHAT'S THE PROBLEM?

Exploitation of this vulnerability may allow a remote attacker to take control of an affected system.

HOW DO I PROTECT MY COMPUTER?

Update your software

1. If you are supported by ITFS or have different IT support, no action on your part is required.
2. If you do not have IT support or they do not support your computer for updates refer to the Adobe Bulletin and Advisories Page linked above and apply the necessary updates.
