

## System Services

ucsf\_admin on April 17, 2014

Software systems support most of our financial, educational and research needs. The Apex Project website, [myapex.ucsf.edu](http://myapex.ucsf.edu) [1] contains a summary of our primary clinical system and MyAccess, [2] our single sign on application, contains a list of most major systems at the university. If you're looking to get or buy software [3], check out our tutorial or go directly to BearBuy [4].
