Public

**Date and Time**

Tuesday, January 14, 2020 - 15:42

**Reason**

EXTREMELY CRITICAL SECURITY UPDATE

**Impact**

Microsoft users

**WHAT HAPPENED?**

Microsoft released their January 2020 updates some of which address EXTREMELY CRITICAL vulnerabilities in Microsoft products.

**Advanced Users:** For a complete description of the security enhancements and affected software refer to January 2020 Security Updates at: https://portal.msrc.microsoft.com/en-us/security-guidance

**AFFECTED SYSTEMS:**

- Microsoft Windows
WHAT'S THE PROBLEM?

Some of these vulnerabilities, if exploited, could allow an attacker to remotely exploit these vulnerabilities to decrypt, modify, or inject data on user connections. Other vulnerabilities could allow attackers to take control of an affected system.

HOW DO I PROTECT MY COMPUTER?

Update your software

1. If you are supported by ITFS or have different IT support, no action on your part is required.
