# Scheduled Maintenance: Mt. Zion Cancer Research (2037) Building Deactivating Unused Network Ports

Mt. Zion Cancer Research (2037) Building Deactivating Unused Network Ports

## Status Type

Scheduled Maintenance

## Private

Public

## Date and Time

Tuesday, April 2, 2013 - 07:30 to 17:00

## Reason

On Tuesday, 04/02/2013 starting at 7:30am ITS will be deactivating network ports that have been identified as not having any network activity for the past year in the Mt. Zion Cancer Research Building. This deactivation work is to help prepare for a network upgrade in the network closets.

## Impact

None anticipated. Several test have been ran the last couple of months to monitor and validate the unused ports that have been inactive for over 1 year. Please call the Service Desk if you think your network connectivity has been disconnected in error. Procedures are in place to rectify any errors quickly.

If you have any questions or need clarification, please contact Sue Asay, Sr Project Manager at 476-1980 or email [sue.asay@ucsf.edu](mailto:sue.asay@ucsf.edu) <sup>[1]</sup>.
