Security

UCSF is committed to protecting the security of our data, networks, and systems used to advance the UCSF Mission. Every person within the UCSF ecosystem plays a critical role in safeguarding our systems from threats to availability, integrity, and confidentiality.

This site is home to IT Security standards, guidance, tools, and tips to help you perform your work securely. Please visit frequently.

Report a Security Incident [1]

November is Secure Data Awareness Month! Go to https://awareness.ucsf.edu [2] to learn more about the right way to dispose of confidential information by watching a short video and taking a quick quiz! EVERYONE WHO PASSES WINS A PRIZE!

GET IT HELP. Contact the Service Desk online, or phone 415.514.4100
