**Being replaced in 2015 with WebEx <sup>[1]</sup> and Cisco Jabber UC <sup>[2]</sup> video and audio conferencing (Click the links to request an account). ~ Transition in progress ~**

The University of California and ReadyTalk have a system-wide agreement in place to provide teleconferencing and web conferencing services to UC campuses.

ReadyTalk can be used as an Audio or Web Conference for committee meetings, project or research updates, training sessions and webinars.

- ReadyTalk Audio Conferencing has a capacity for 3000+ attendees and the ability for users to choose the audio option that's right for them ? listening to the web conference over the Internet or dialing in with their telephone.
- ReadyTalk Web Conferencing is best suited for conferences that involve document sharing to large audience where it is not important to see the participants.

For more information on ReadyTalk including pricing, training and how to's please see our ReadyTalk FAQ's link at the top left.

To create a ReadyTalk account, please click the link at the top left.
