- **ColdFusion 2018 Update 2**
- **ColdFusion 2016 Update 8**
- **ColdFusion 11 Update 16**
- **Creative Cloud Desktop Application (installer)? 4.7.0.400 and earlier versions**

WHAT'S THE PROBLEM?

Exploitation of this vulnerability may allow a remote attacker to take control of an affected system.

HOW DO I PROTECT MY COMPUTER?

Update your software

1. If you are supported by ITFS or have different IT support, no action on your part is required.
2. If you do not have IT support or they do not support your computer for updates refer to the Adobe Security Bulletin listed above and apply the necessary updates.
