

JABBER UC Presence/Status (WINDOWS)

The following are the standard PRESENCE/STATUS icons for the Jabber UC client.

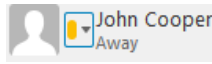

Standard Icon	Grayscale Icon	Description
		Available
		Away
		Do Not Disturb
		Unavailable

Updating your status:

You can change your status via the drop down arrow icon next to the standard icons listed above. (Example below)

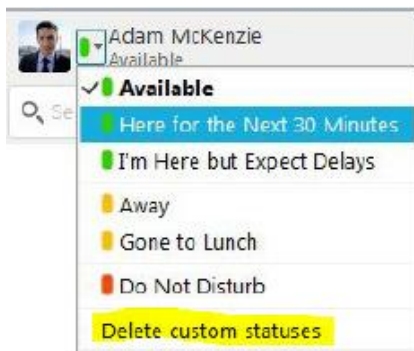

For each change in status other users should see the new status icon change to the corresponding color as listed in the table above.

Custom status messages:

Up to three custom status messages can be created (see example below). To create a custom status message insert your cursor in the status message field and enter your custom message. You can also **delete** your custom messages from the dropdown menu. (see highlighted image) The drop down status menu should revert to the default three options. (*Available – Away – Do Not Disturb*)

Grey Scale status ICONS and custom messages:

To show grayscale status icons left click the drop down menu  and select **View – Show status in greyscale**. Please refer to the table above for the grayscale icon descriptions.
